PRODUCT REGISTRATION CARD

Wait!!! Don't toss this card just yet... We both need this to be completed, honest. To begin with, it lets us know who you are and where you can be found for new product announcements. No junk mail, we promise, just news of the latest from OSI. Furthermore, if there is ever the need for a (gasp!) upgrade or some other form of product support we will be able to notify you. Otherwise, you'll sadly remain in the dark. Here's the deal: You complete the information and we'll pay the postage!

Name _____
